

.60-1.20 size sport scale ARF model
SPACEWALKER
Expertly Crafted ALL WOOD Construction

IMPORTANT INSTRUCTION UPDATE

1. On page 7, step 1 in the section Mount the Wing to the Fuselage, the two plastic wing bolt mounts are not glued to the inside of the fuselage, as stated in the instruction manual, but are now included in the parts bag.
2. On page 8, EXPERT TIP, the 3/4" x 1" CA hinges will need to be cut from the 2" x 9" hinge material supplied in the parts bag with the engine mount. Do not use the pre-cut alignment tabs supplied with the plastic wing bolt mounts.

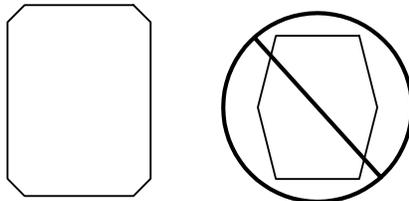

3. On page 17, step 4, two pieces of cockpit coaming is supplied in the kit. Either piece can be used, but one of the pieces will require a slit to be cut the length of the coaming.
