

IMPORTANT INFORMATION

On page 4 of the instruction manual, under **Motor Recommendations** the batteries listed are incorrect.

- ***The recommended batteries are two FlightPower LiPo FP50 5S 18.5V 5000mAh batteries (FPWP5505).***
- ***The recommended propeller with this setup is an 18x8 electric propeller (APCQ4021 or XOAQ4079).***

We apologize if this may have caused any confusion.
