

# Z01-B OPTION KIT

*This kit includes all the necessary parts to update your Z01-B 1/8 buggy to the Z01-B Team Option version.*

*The items included in the Z01-B Team Option Kit will replace the current items in your Z01B kit. Use your current Z01B kit instructions as a guide for installing the Z01B Team Option Kit parts. For an online copy of the Z01B kit instructions, go to <http://www.z01b.com/downloads.html>*

*The only exceptions are the following two steps:*

- 1. The included shock piston sleeves will need to be installed into the rear shock bodies. Make sure the sleeves are fully seated in the shock bodies. Use the 16mm shock pistons with these sleeves.*
- 2. Install the included aluminum spacer before installing the modified rear body mount. Secure them in place using (1) 3x16mm flat head screw and (1) 3x18mm flat head screw.*

*ODOC1594..... Body Mount Spacer Rear*
