CHEVY VAN & RACE TRAILER

KIT 7250
1/24 SCALE

1/24 ECHELLE

MASSTAB 1:24

ESCALA 1/24

It's racing season once again and all across the country the "Weekend Warriors" are on the move, traveling from track to track with their precious cargoes in tow. Be it short dirt oval or paved road course, stock car, midget racer or road racer, the van and trailer combination has become the standard equipment of choice for enthusiasts everywhere.

For our combo we've chosen a mid–70's Chevy Van with rally wheels, flared fenders and a sturdy V–8, just the thing to pull the all-purpose, dual axle race trailer with its overhead tire rack and removable loading ramps.

Finish them both in colorful graphics and matching paint jobs. Add your favorite car and you're off to the races!

READ THIS BEFORE YOU BEGIN

- Study the assembly drawings.
- Each plastic part is identified by a number.
- In the assembly drawings, some parts will be marked by a star (*) to indicate plated plastic.
- Scrape plating from areas to be cemented.
- Check the fit of each piece before cementing into place.
- Do not use too much cement to join parts.
- Use only cement for polystyrene plastic.
- Models may be painted to match photos on box.
- Allow paint to dry thoroughly before handling parts.
- Scrape paint from areas to be cemented.
- For better paint and decal adhesion, wash the plastic parts in a mild detergent solution. Rinse and let air dry.

ALLGEMEINE HINWEISE

DECAL APPLICATION INSTRUCTIONS

1. Wash plastic parts in mild detergent solution. Rinse and let dry.
2. Cut desired decal from sheet.
3. Dip decal in water for a few seconds.
4. Place wet decal on paper towel.
5. Wait until decal is movable on paper backing.
6. Place decal in position on model, face up and slide backing away.
7. Press out air bubbles with a soft damp cloth.
8. Milkiness that may appear is for better decal adhesion and will dry clear. Wipe away any excess adhesive.
9. Do not touch decal until fully dry.
