

# FW 190

## TECHNICAL UPDATE

Since the Top Flite Giant FW-190 ARF was released, new gas engines have become available. The DLE55 Rear Exhaust (DLEG0455) with the stock muffler, the DLE61 Side Exhaust (DLEG0061) with the J'TEC JTCDL61WPC Wraparound Pitts muffler (JTCDL61WPC) and the O.S. GT60 (OSMG1561) with the stock muffler and 2" (51mm) Standoffs (OSMG8962) work well. Included are the bolt patterns for the gas engines along with the bolt pattern for the Rimfire 65cc electric motor.
